

# Classes

## Preschool

### "Getting Started"-\$130

This level focuses on getting the basic: sit, down, stand, attention, eye contact, proper greetings, leash manners, begin stay and come, and leadership exercises. Agility: tunnels, table, ramps, and jumps-teach your dog to negotiate obstacles. Silly pet tricks too! They'll learn spin, back up and look away.

## Elementary School

### "Understanding the Basics"-\$140

This level focuses on getting the dogs to really understand the basic skills in preschool and getting you to really understand the training process! Moving attention-walking on a leash without pulling, paying attention to owner and ignoring other dogs. Learning recall on leash no matter what! Back to basics with sit, down and stand. Talking about nutrition, digging, potty habits, mouthing, chewing etc. Tricks will be: roll over, treat on paws, hand touch, weave around the legs and head down.

## Middle School

### "Strengthening the Basics"-\$150

This level focuses on teaching the dogs to ignore all sorts of distractions while practicing and improving their skills. We will also practice on and off leash recall. Stay, sit, and downs will be practiced with tons of distractions. Heeling in straight lines, circles, turns and passing other dogs. Distance control with sit down and stand. Some fun tricks: shake, wave, high five, dead dog, bow, beg/dance and touch.

## Junior High

### "Polishing the Basics"-\$165

This level focuses on more distractions, working off leash and at a distance. Recall on and off leash no matter what!

Staying in sit, down and stand at a distance for a long period of time. Out of sight stays too! Heeling with harder turns, automatic sits, fast, slow and more rally obedience skills. Silly tricks: crawl, hug, drop on recall, around, go to spot and speak.
